3. Curriculum Delivery

3.1 Classroom policy

- All students will follow a broad and balanced curriculum offer within individual curriculum areas which aims to not only prepare students for national exams but that also deepens their understanding of the subject and builds the skills needed for success academically and in the future workforce.
- All students will be expected to complete all tasks set in lessons, and in addition complete weekly homework for each subject.
- If a student is absent, it is their responsibility to catch up on missed class work / homework. The class teacher will support the student to ensure they are provided with all relevant resources.

3.2 The Trinity Experience policy

- In addition to timetabled academic subjects, all students follow a 'Weekly Wellbeing' programme which aims to develop their spiritual, moral, social and cultural understanding.
- Students have a timetabled 40-minute Weekly Wellbeing lesson each week. This covers the content of the Relationships, Sex and Health Education statutory guidance (2020), the recommended content of the PSHE Association and the Citizenship National Curriculum.
- Delivery of the Weekly Wellbeing programme will be provided for in year groups to be tailored to the specific needs of different age groups.
- The content of the Weekly Wellbeing programme will be determined via analysis of a range of data available which gives evidence as to the education gaps students may have. Data will be taken from avenues such as the yearly bullying survey, analysis of the types of referrals made to the vulnerable student team and pupil voice.
- The Weekly Wellbeing programme permeates the academic curriculum and will be enhanced through assemblies, tutor time sessions, workshops by external agencies and personal development days.
- In addition to the core weekly wellbeing programme, students will have the opportunity to partake in cultural trips, visits and residential trips, based on their interests and needs.
- The academy values of Empathy, Honesty, Respect and Responsibility play an integral part in the weekly wellbeing programme, and all students and staff take part in a daily two-minute silent reflection, aimed to provide space and time for thinking and reflecting on a world event.
- These values are underpinned by annual whole school events such as the whole school act of remembrance and celebration of cultures events.
- All students study a core RE programme. The programme comprises the teachings of a variety of religions and links to wider topics which broaden students' spiritual and moral education.

3.3 Religious Education policy

3.5 Literacy

- We aim for all of our students to become literate and articulate communicators. In all subjects, students should be taught to correct themselves correctly and appropriately on paper and orally, and to read accurately and with understanding.
- The importance of vocabulary is valued by the academy. All students are exposed to new vocabulary through knowledge organisers, and through the reading of challenging and varied texts, supported by 'Rich Reading' in curriculum areas.
